The Honorable Tommy G. Thompson
Governor, State of Wisconsin
State Capitol
Madison, WI 53702

Dear Governor Thompson:

I am pleased to submit to you the 122nd Annual Report of the Commissioner of Insurance covering business for the year 1990.

Major accomplishments for 1990 were:

- Implementing complaint processing and financial information systems;
- Revising standards for Medicare supplement insurance policies;
- Publishing new consumer information materials;
- Developing a Small Business Health Insurance initiative;
- Improving the regulation of multiple employer welfare arrangements; and
- Adopting minimum standards for long-term care insurance policies.

We expect health care access and cost and financial solvency regulation to be major concerns at both the state and federal level over the next several years. The Office will continue to be active in both areas.

I hope that the information in this report is useful to you and to the people of Wisconsin.

Sincerely yours,

Robt Haase

Robert D. Haase

ORGANIZATIONAL STRUCTURE

The Office is divided into the Legal Unit, the Division of Regulation and Enforcement, and the Division of Administrative Services. The Bureau of Financial Analysis and Examinations reports to the Assistant Deputy Commissioner.

Bureau of Financial Analysis and Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; administers insurer rehabilitations and liquidations; audits and collects insurer taxes and fees; and collects and administers the fire department dues program.

I. Legal Unit

The Legal Unit represents the Office in administrative proceedings; provides legal advice to the staff; represents or supervises representation of the Office in litigation; and develops legislative proposals and administrative rules.

II. Division of Regulation and Enforcement

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; determining compliance with applicable laws and rules; initiating appropriate administrative actions; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; disseminating information to the public; investigating agent activities; and conducting field reviews of insurer marketing practices.

Office of Research and Public Information. This office provides the commissioner and other agency personnel with technical research expertise. This office also directs the public information program of the agency.

III. Division of Administrative Services

Bureau of Staff Services. This bureau is responsible for all general administrative functions of the agency including the administration of the insurance intermediaries testing and licensing program, centralized word processing, data processing, budget, personnel and clerical support services.

Bureau of Funds. This bureau consists of the three segregated funds for which this agency has administrative responsibility: the Local Government Property Insurance Fund, the State Life Insurance Fund and the Patients Compensation Fund.

The Local Government Property Insurance Fund offers property insurance protection to qualified local government units.

The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding $10,000 per person.

The Patients Compensation Fund provides medical malpractice protection to health care providers for claims in excess of $400,000 per claim or $1,000,000 annually.

Health Insurance Risk Sharing Plan (HIRSP). This plan provides health insurance to those who are unable to find adequate coverage in the private market.

II - EXECUTIVE ACTIONS

REGULATORY DEVELOPMENTS AND TRENDS

The year 1990 was a very active time for this Office as well as an indicator of emerging regulatory issues for the decade.

Looking back, much was accomplished in 1990 to increase the efficiency and effectiveness of the Office. The implementation of the Office's new computer system continues to progress with the implementation of the on-line complaint processing system and the financial information system as highlights.

Significant revisions were made to the minimum standards for Medicare supplement insurance policies. This Office also served in a leadership role in the development of national standards for the regulation of Medicare supplement policies.

The Office also expanded its public information function by publishing new brochures on auto insurance and mammography. The Consumer's Guide to Auto Insurance provides an explanation of auto insurance coverages and gives examples consumers can use for comparing insurer rates.

A substantial effort was put forth by Office staff to research and analyze data on the problems of health insurance for small employer groups. That effort led to proposed legislation. The proposed legislation establishes specific regulations for small employer health insurance that provide for restrictions in policy rating, underwriting, and cancellation. The legislation also proposes the creation of a group health insurance plan for small business that would improve access to health insurance for the working uninsured.

The Office was active nationally in developments designed to enhance or improve financial regulation of insurers. Again, this Office has served in a leadership role on a working group of the National Association of Insurance Commissioners developed to identify potentially troubled companies and assist states in dealing with the situation. Wisconsin has also been asked to participate in the development of risk-based capital requirements because Wisconsin has had such requirements for two decades.

Because of the uncertain nature of medical malpractice liability insurance, the Office is engaged in a study of medical malpractice closed claims. The study began in 1987. Information has been collected on Wisconsin closed claims from 1978 through 1988 and is now being analyzed for a written report on Wisconsin's experience with medical malpractice.

Looking ahead, the 1990's will be eventful in at least two areas. First, access to and cost of health care will continue to be a key issue. The experience and knowledge acquired by Office staff puts OCI in a good position to evaluate and assist in the development of future proposals to deal with health care issues.

Second, Congress and others have raised issues regarding the ability of states to regulate the financial condition of insurers effectively. Wisconsin has a long history of strong and fair financial regulations. Certainly this Office can provide valuable insight as to effective regulation of the insurance industry. While we see no basis for comparisons that have been made to the financial problems of other financial sectors, certainly there are areas where state regulation of insurers could be improved. Early detection of financial problems, followed by active participation with insurers to correct the problems, is the key. Then, if liquidation becomes necessary, action can be taken before significant deficits arise.

Wisconsin citizens have available to them insurance products at reasonable prices, despite some of the severe difficulties that have occurred in other states. The combination of a financially strong and competitive Wisconsin insurance industry and sound regulation are the primary reasons for the Wisconsin situation. This Office's goal is to see that these conditions continue.

LEGISLATION

The following is a summary of legislation enacted during 1990 that affects the insurance statutes:

Sections 600.01(1)(b)7 and 8

Section 655.001(8)

Clarifies the definition of "health care provider" for the purpose of medical malpractice insurance and coverage under the Patients Compensation Fund. (1989 WI Act 187)

Section 655.003

Prohibits public employes or facilities from participating in the Patients Compensation Fund. (1989 WI Act 187)

Section 655.003(3)

Exempts physicians or nurse anesthetists who serve as volunteer health care providers at pilot health care provider programs in Brown or Racine Counties from maintaining medical malpractice liability coverage or paying assessments to the Patients Compensation Fund. (1989 WI Act 206)

Section 655.005

Makes employed residents subject to the same medical malpractice insurance requirements as other physicians and requires all individual employes defined as health care providers to maintain their own primary coverage and pay Fund fees. (1989 WI Act 187)

Sections 655.23(2), (3)(a), (c), and (d), (4), and (5)

Repeals the provisions that allowed health care providers to fulfill their responsibility for securing primary coverage by providing the commissioner with a cash bond. (1989 WI Act 187)

Sections 655.23(3)(a), (c), and (d), (4), and (5); and 655.27(5)(c)

Prohibits health care providers from securing their primary liability coverage from a surplus lines carrier. (1989 WI Act 332)

Section 655.23(6)

Clarifies that any health care provider who violates s. 655.23 is subject to disciplinary action by the commissioner under s. 601.64. (1989 WI Act 187)

Section 655.23(7)

Makes technical corrections to the law that requires the commissioner to notify the board or agency issuing a license if a health care provider fails to comply with s. 655.23. (1989 WI Act 187)

Sections 655.24(1), (2), and (3); and 655.26(5)(b) and (c)

Clarifies that policy forms are subject to s. 631.20(1); codifies the Board's position that primary insurers must pay defense costs plus the statutory limits; and eliminates redundant and conflicting requirements concerning termination or cancellation of a policy. (1989 WI Act 187)

Sections 655.26(1)(intro.), (a), (b), and (g)

Requires self-insurers to provide the same data and claims information that insurers are required to provide to the Medical Examining Board and the Board of Governors. (1989 WI Act 187)

Sections 655.27(1), (3)(bg)2., and (4)(e)

Makes technical corrections regarding administration of the Fund and amends the law to allow the State Investment Board to invest the Fund's assets in both long- and short-term investments. (1989 WI Act 187)

Sections 655.27(7)(title) and 655.275(5)(a)(intro.)

Expands the authority of the Board of Governors and the Peer Review Council to include self-insurers. (1989 WI Act 187)

Section 655.275(9)

Applies the State's immunity, notice, defense and indemnification protections to the Board of Governors of the Fund and WHCLIP and to its various councils, committees, and consultants. (1989 WI Act 187)

NATIONAL ASSOCIATION OF INSURANCE COMMISSIONERS ACTIVITIES

The Commissioner's Office participates in the National Association of Insurance Commissioners (NAIC). During 1990, Commissioner Haase was a member of the following committees, subcommittee, and task forces of the NAIC.

Committees

Executive Committee - Vice Chair, Midwestern Zone

Accident and Health Insurance Committee - Vice Chair

NAIC/Journal of Insurance Regulation Board - Chair

Subcommittee

Market Conduct and Consumer Affairs Subcommittee of the Executive Committee

Task Forces

- Executive Committee
    - Financial Services and Insurance Regulation Task Force
- Financial Condition Subcommittee of the Executive Committee

Staff members of the Commissioner's Office served on special working groups and study groups of several subcommittees and task forces. Many of these were working groups of task forces of the Financial Condition Subcommittee of the Executive Committee and the Accident and Health Insurance Committee. Wisconsin served as chair of the Medicare Supplement Standardization Working Group. Other working groups Wisconsin participated in were the Potentially Troubled Companies Working Group and the Risk Based Capital Working Group.

ADMINISTRATIVE RULES

Changes made in 1990 in the Wisconsin Administrative Code applicable to insurance are described below.

Ins 2.13 Modified guaranteed life insurance policies and annuity contracts and variable contracts.

This rule adopts the National Association of Insurance Commissioners' (NAIC) model regulations on modified guaranteed life insurance policies and annuity contracts. A modified guaranteed policy or contract offers a guaranteed rate of return as long as the policyholder holds the policy or contract for a specified time period. If held for a shorter time period, the contract provides nonforfeiture values based on a market value adjustment formula, which must be stated in the contract. The formula must provide for both upward and downward adjustments. The insurer must provide each holder of a modified guaranteed product with an annual report showing account values and surrender values.

The rule also makes various technical corrections in the section governing other types of variable life insurance and annuity contracts. Effective 5/1/90.

Ins 3.25 Refunds connected with credit life and credit accident and sickness insurance.

This rule modifies the schedules for computing refunds in the event of cancellation of certain types of credit life and credit accident and sickness insurance policies prior to the scheduled policy maturity date in order to provide more equitable refunds to consumers. The modified refund schedules are based on the actuarial method rather than the formula known as the "rule of 78." Effective 4/1/90.

Ins 3.39, 25.03, 25.04, and 25.00 (Appendices 1 to 4) Standards for disability insurance sold to Medicare-eligible persons.

The Commissioner promulgated this emergency rule in response to the repeal of the Medicare Catastrophic Coverage Act of 1988 by Congress in November 1989. The rule amends the requirements for Medicare supplement policies, based on a model rule adopted by the NAIC, in order to obtain federal approval of Wisconsin's regulation of the Medicare supplement market. The rule requires policies sold in 1989 to cover gaps created by the repeal of the Catastrophic Act and allows premium adjustments for the newly-required coverages. Insurers must also notify insureds of the changes and offer to reinstate coverage for any policy terminated in 1989. Effective 1/2/90.

Ins 3.39, 25.03, 25.04, 25.00 (Appendices 1 to 6) Standards for disability insurance sold to Medicare-eligible persons.

This permanent rule includes the amendments necessary to obtain federal approval of Wisconsin's regulations governing the sale of Medicare supplement policies in the state. Major provisions of the rule include: a limit on the waiting period for preexisting conditions, a requirement that insurers provide additional information to enable applicants to compare premiums more easily, a change in the basis for computing loss ratios, and additional requirements for foreign travel riders. The rule also revises the prescription drug usual and customary charges minimum benefits provision and amends the requirements for group Medicare supplement policies. The rule regulates advertising of Medicare supplement insurance, limits agents' commissions, creates specific notices to be used in replacement situations, and requires insurers to establish marketing standards to ensure accurate comparisons of policies. Effective 8/1/90.

Ins 3.39 Standards for Medicare supplement policies sold in Wisconsin.

This emergency rule incorporates recent NAIC revisions that must be adopted by states in order to qualify for federal certification. Important provisions include requirements that Medicare supplement policies must be guaranteed renewable and may be cancelled only for certain specified reasons; that these policies must provide insureds with 365 days of skilled nursing facility coverage annually, when the benefits of Medicare and the policy are combined; and that insurers may use only one Medicare supplement policy form for each category of individual and group policy. The rule also requires that agents' compensation for a replacement policy may not exceed the compensation for a renewal of the replaced policy. Additional provisions include clarification of the loss ratio standards applicable to Medicare supplement policies; a filing requirement for out-of-state group policies; and a revision of the required outline of coverage. Effective 12/13/90.

Ins 3.47 Consumer information on the purchase of cancer insurance.

This rule revises the publication that insurers and agents must make available to prospective purchasers of cancer insurance in accordance with the updated information sheet adopted by the NAIC. Effective 10/1/90.

Ins 3.48, 3.50, and 3.51 Grievance procedure requirements for health maintenance organizations (HMOs), preferred provider plans (PPPs), and limited service health organizations (LSHOs).

This rule makes a number of changes in the requirements governing grievance procedures for enrollees of HMOs, PPPs, and LSHOs, including:

- Enrollees must be given the right to appear before a grievance committee, present oral or written information, and question those responsible for making the determination resulting in the grievance. Generally, a grievance must be resolved within 30 days.

- HMOs, PPPs, and LSHOs must establish separate grievance procedures for urgent care situations and must resolve these grievances within four days.

- Claim and benefit denial notices must state the specific reason for the denial.

- Health care providers must notify the HMO, PPP, or LSHO of complaints and grievances they receive.

- Only grievances formally reviewed by a grievance panel must be reported to the Commissioner, but records of complaints and grievances resolved without formal review must be kept and made available to the Commissioner for review.

- Annual reporting requirements are revised and the Commissioner is required to prepare an annual report summarizing complaints received by the Office of the Commissioner of Insurance and the experience reports filed by HMOs, PPPs, and LSHOs. Effective 1/1/90.

Ins 3.50, 3.51, and 7.02 Regulation of insurers writing health maintenance organization (HMO) business, statutory hold-harmless provisions, and individual practice associations (IPAs).

This rule makes several changes in the financial standards applicable to insurers who engage primarily in HMO business. OCI may require an HMO insurer to maintain more than a compulsory minimum surplus if appropriate given its risks and the nature of its operation. An HMO insurer must value receivables, notes, and obligations of its affiliates at zero after December 31, 1990, unless they are fully secured. HMO insurers are prohibited from issuing indemnity coverage under specified conditions, but are permitted to market certain innovative products with the Commissioner's approval. The rule repeals a requirement that insurers writing both HMO and indemnity health insurance business file business plans and provider contracts. Out-of-state HMOs and limited service health organizations must be organized and regulated as insurance companies in order to qualify for a license to do business in Wisconsin.

HMO insurers must regularly report to the Commissioner regarding the extent to which their expenses are covered by the statute prohibiting health care providers from billing enrollees. The rule prescribes several forms for use with the "opt-in," "opt-out," and other portions of the statutory hold-harmless provision.

IPAs are required to file annual audited financial statements. An HMO contract with an IPA must include provisions that enable the IPA to comply with the audit requirements and that ensure the separate corporate status of the IPA. Effective 9/1/90.

Ins 6.20 Investments of insurance companies.

The Commissioner promulgated this rule at the direction of the Legislature. It permits insurance companies to invest in direct obligations of the African Development Bank. Investments in the International Bank for Reconstruction and Development, the Inter-American Development Bank, and the Asian Development Bank had been permitted under the existing rule. Effective 11/1/90.

Ins 6.62 Multiple employer trusts and multiple employer welfare arrangements.

This rule is identical to an emergency rule promulgated in 1989 in response to complaints about illegal multiple employer trusts or associations which market group health care coverage issued by nondomestic companies. The particular targets of these organizations are employers who operate small businesses that experience significant rate increases or coverage rejection and find it difficult to self-fund health benefits.

This rule requires a multiple employer trust or association, or its agent, to file an informational report with OCI before soliciting Wisconsin residents if: 1) it is defined as a multiple employer welfare arrangement under federal law; 2) it is, or purports to be, subject to the federal Employee Retirement Income Security Act and exempt from State insurance regulation, or 3) it is established outside this State and is not domiciled in the United States.

The report must include a copy of any insurance policy or contract covering benefits offered by the organization, a copy of its organizational documents, and a statement that the benefits are fully insured or a description of the extent to which they are not fully insured. The organization must update the filing whenever the information previously provided is no longer accurate.

A multiple employer trust or association that provides coverage subject to a collective bargaining agreement, is fully insured by a Wisconsin-licensed insurer, provides coverage to a governmental unit, is an individual, or is exempted by the Commissioner is not subject to the rule. Effective 6/1/90.

Ins 6.77 Exemption of war risks coverage contained in aircraft insurance policies.

This rule exempts the war risks coverage contained in aircraft insurance policies from the requirement to give 10 days notice prior to mid-term cancellation, and requires instead a 7-day cancellation notice. This exemption was promulgated because aircraft insurers were finding it impossible to obtain reinsurance if they were required to comply with the 10-day notice provision. Effective 8/1/90

Ins 17.00 Wisconsin Health Care Liability Insurance Plan (WHCLIP) and Patients Compensation Fund (Fund).

In addition to making numerous technical and stylistic changes in the regulations governing WHCLIP and the Fund, this rule codifies a number of decisions of the Board of Governors of WHCLIP and the Fund, including:

- Specifying the requirements for and permissible exclusions from WHCLIP's policy and other primary medical malpractice coverage underlying the Fund, and other requirements for approval of medical malpractice policy forms.

- Requiring primary carriers to offer an extended reporting endorsement to a health care provider upon termination of a claims-made policy, and to notify providers of the obligation to purchase tail coverage.

- Making various changes in the procedures used by the Peer Review Council in determining whether a provider's WHCLIP premium or Fund fee should be surcharged.

- Permitting the release of certain claims information with a provider's consent.

- Making a primary carrier that offers a deductible or coinsurance provision responsible for providing first dollar coverage, with a right of recoupment.

- Clarifying that providers must provide liability coverage for employes.

- Raising the annual aggregate on the amount of general liability coverage offered by WHCLIP from $1,000,000 to $3,000,000.

- Clarifying the processing of Fund fee refunds and credits and the method of assessing Medical College of Wisconsin resident physicians.

- Setting a time limit of 45 days for primary carriers to file provider certificates with the Fund.

- Revising definitions relating to various categories of health care providers included in the Fund.

- Repealing the separate administrative hearing procedures for WHCLIP and the Fund.

Effective 7/1/90.

17.25 Limits of liability for podiatrists under the Wisconsin Health Care Liability Insurance Plan (WHCLIP).

This permanent rule is identical to an emergency rule promulgated in 1989 by the Commissioner. It raises WHCLIP's per occurrence limit of liability from $400,000 to $1,000,000 for podiatrists only, enabling podiatrists to purchase occurrence coverage in an amount that meets the statutory requirement. Effective 4/1/90.

Ins 17.28 Patients Compensation Fund fees for health care providers.

This rule was amended to establish the fiscal year 1990-91 Fund fees for health care providers. Effective 7/1/90 (emergency rule); 7/1/90 (permanent rule).

Ins 17.28 Patients Compensation Fund fees for resident physicians and public employes.

This rule provides that the Fund fee for any resident physician will be 50% of the fee for a practicing physician in the same class, giving all residents the same discount that previously applied only to Medical College of Wisconsin (MCOW) residents. The rule also makes corrections in the rule governing the billing and payment of MCOW resident fees and repeals the fee for publicly-employed physicians, who are no longer eligible for Fund coverage because of recently-enacted legislation. Effective 11/1/90.

Ins 17.50 Self-insured plans for health care providers participating in the Patients Compensation Fund.

Health care providers participating in the Fund are required to insure their liability either by purchasing an insurance policy or by self-insuring under a plan approved by the Commissioner. This rule codifies the requirements for approval of a self-insured plan. It establishes the scope of coverage a plan must provide and requires the establishment of a trust fund to cover the estimated liabilities of the provider. A minimum capitalization of $2,000,000 is required and a plan must be fully funded within five years after its initiation. If the provider was previously insured under a claims-made policy and did not purchase an extended reporting endorsement, the trust must also provide for tail coverage. The rule sets forth financial and other reporting requirements for self-insured plans and provides for review of plans that were in existence prior to the effective date of this rule. Effective 1/1/90.

Ins 18.07 Premiums and rate zoning for the Health Insurance Risk Sharing Plan (HIRSP).

This rule establishes the HIRSP premiums for the year beginning June 1, 1990. Rates are set at 116% of the standard rates for health insurance in the private market in Wisconsin. The rule also creates additional rating zones to allow HIRSP's rates to more closely reflect the cost of medical care in various locations throughout the state.

ADVISORY BOARDS AND COUNCILS

Wisconsin law, s. 15.04, Wis. Stat., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Wis. Stat., authorizes the Commissioner of Insurance to create advisory councils and committees to assist in dealing with regulatory problems. The Commissioner is to provide by rule for the creation, governance, duties, and termination of any council or committee which is established. The expert advice provided the Commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The Commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various councils and boards with which the Office of the Commissioner of Insurance is involved follows:

Insurance Security Fund Board

This Board administers the Insurance Security Fund established by ch. 646, Wis. Stat., to provide a mechanism for protecting insureds in the event of liquidation of insurers and to assess the cost of such protection among insurers. The Commissioner of Insurance, along with the Attorney General, and the State Treasurer, are members of this Board and serve with ten representatives of insurers appointed by the Commissioner upon consideration of the recommendation of insurance organizations.

Wisconsin Retirement Board

The Wisconsin Retirement Board is created in the Department of Employe Trust Funds by s. 15.165 (3) (b), Wis. Stat. It is a nine-member Board. Seven members represent employers or employes who participate in the Wisconsin retirement system, one is a public member, and one is the Commissioner of Insurance or an experienced actuary in the Office of the Commissioner of Insurance. The Board studies and recommends alternative administrative policies, authorizes and terminates disability annuity payments, and approves or rejects administrative rules that relate to participants in the retirement system other than teachers.

Group Insurance Board

Section 15.165 (2), Wis. Stat., created a Group Insurance Board in the Department of Employe Trust Funds. The Commissioner of Insurance or designee is a member of the Board. The Group Insurance Board is authorized to enter into contracts with insurers to provide group insurance plans or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, life insurance and deferred compensation plans authorized for state and other public employes under ch. 40, Wis. Stat. The specific powers of the Board are enumerated under s. 40.03 (6), Wis. Stat.

Council on Fire Service Training Programs

This body, authorized by s. 15.947, Wis. Stat., functions under the State Board of Vocational, Technical and Adult Education, and furnishes advice and guidance to the Board in the establishment and maintenance of training programs in fire prevention and protection. The Council comprises representatives from the Division of Emergency Government (Bureau of Civil Defense and Disaster Control), the Department of Industry, Labor and Human Relations, and the Office of the Commissioner of Insurance, together with six members of fire departments appointed by the Governor for staggered six-year terms.

Joint Survey Committee on Retirement Systems

This Committee performs duties mandated under s. 13.50, Wis. Stat. The Committee is comprised of two majority party senators, one minority party senator, two majority party representatives to the assembly, one minority party representative to the assembly, an assistant attorney general, a member of the public selected by the Governor, the Commissioner of Insurance or a designated experienced actuary in the Office, and the Secretary of the Department of Employe Trust Funds.

This Committee evaluates all legislative proposals which would create or modify any system of retirement for public officers or employes. No such bill may be acted upon by the Legislature until it has been referred to this Committee for preparation of a written report. The report must indicate the probable cost involved; the effect of the proposal upon the actuarial soundness of existing retirement systems; and the desirability of the proposal as a matter of public policy.

Retirement Research Committee

This Committee performs duties mandated under s. 13.51, Wis. Stat. Its membership represents employe and employer groups having vested interests in various state retirement programs. The Committee has investigatory powers over all state retirement systems for public employes. In addition, it may require any public pension or retirement system to furnish it with periodic financial reports and records. The Committee conducts a continuous review of retirement benefits afforded to public employes under the existing state system. It maintains a current reference library of all public employe pension and retirement plans throughout the United States and makes its findings and recommendations available to the Governor and the Legislature.

Property and Casualty Advisory Council

This Council, created by s. Ins 6.79, Wis. Adm. Code, advises the Commissioner on regulatory matters in the areas of property and casualty insurance. The Council has four insurance company members, two agent members, and three public members. The members who served during 1990 are listed below:

James P. Thomas, Heritage Mutual Insurance Company, Sheboygan, Chair
J. Stanley Hoffert Wausau Insurance Companies, Wausau
Robert L. Kennedy, Jr., American Family Mutual Insurance Company, Madison

Tricia Schuster, Northwestern National Insurance Group

Thomas Shea, Janesville
Earl Winkelman, Jockey International
Bill G. Smith, National Federation of Independent Business
Maxine D. O'Brien, Maxam Association Management

Life and Disability Advisory Council

This Council, created by s. Ins 6.79, Wis. Adm. Code, advises the Commissioner on regulatory matters in the areas of life and disability insurance. The Council has four insurance company members, two agent members, and three public members. The members during 1990 were:

William J. Reis, CLU, The Reis Company, Milwaukee, Chair
Mary T. Deckert, Employers Health Insurance Company, Green Bay
Martin V. Timmins, Wisconsin Physicians Service Insurance Corporation, Madison
Edward L. Brenk, Grafton
Tom Mack, Aid Association for Lutherans, Appleton
Beverly Henderson, Professor, Family Living Program, UW-Extension, Madison
Charles R. Barnum, Appleton
Robert Durkin, Madison

Financial Advisory Council

This Council, created by s. Ins 6.79, Wis. Adm. Code, advises the Commissioner in regulatory decisions in the financial area. The Council has four insurance company members, two agent members, and three public members. The members during 1990 were:

John Bubolz, SECURA Insurance, Appleton, Chair
Donald R. Gunderson, Sentry Insurance Company, Stevens Point
H. Daniel Gardner, Northwestern Mutual Life Insurance Company, Milwaukee
Michael M. Nicholson, Stan Mintz Associates, Inc., Madison
Edward L. Hahn, CPA, Hill Christianson & Co., Marshfield
Dan Kaye, CPA, Ernst and Whinney, Milwaukee
Thomas L. Miler, Wausau
Gordon Gronert, Madison

COMPANIES IN LIQUIDATION

FIRST TRANSCONTINENTAL LIFE INSURANCE CORPORATION, IN LIQUIDATION

First Transcontinental Life Insurance Corporation was declared insolvent and ordered into liquidation by the Dane County Circuit Court as of October 16, 1988. The company wrote about $40 million in group health insurance, with a small amount of group life premium. Business was written in 27 states.

A partial distribution in the amount of $6 million was made to Class 3 creditors in 1989. The distribution amounted to a 60% payment to the allowable Class 3 claims. Virtually all assets have been converted to cash or its equivalent. As of December 31, 1990, the assets including the amount made as a partial distribution totaled $13.04 million.

The liquidator is currently finalizing claims with guaranty funds and resolving various liquidation issues. It is anticipated that the final distribution of assets will be made sometime during 1991. No distributions are contemplated to be made to claimants subordinate to Class 3 claimants.

FRANKLIN MUTUAL INSURANCE COMPANY, IN LIQUIDATION

Franklin Mutual Insurance Company was placed in liquidation on January 16, 1986, by the Circuit Court of Dane County, Wisconsin.

By agreement with the Office of the Commissioner of Insurance, Heritage Mutual Insurance Company is performing the administrative functions for the liquidation.

There is one loss claim remaining to be settled. All Class 4 (unearned premium) and Class 5 (general creditor) claims have been paid.

While the ultimate assets available for distribution to the various classes of claimants under s. 645.68, Wis. Stat., is dependent on the extent of loss claims under Class 3 and the reinsurance recoverable thereon, filed financial data shows there will be sufficient assets to pay claims in Classes 1, 2, 3, 4, and 5 in full. As of August 31, 1990, the liquidation account had assets of $698,639.17 including reinsurance recoverable on losses paid of $50,604.64. It is anticipated that a final distribution will be made in 1991.

MARTELL MUTUAL TOWN INSURANCE COMPANY, IN LIQUIDATION

Martell Mutual was placed in liquidation on August 21, 1980, in the Circuit Court for St. Croix County, Wisconsin. Gary L. Bakke was appointed Special Deputy Commissioner to liquidate the company.

Martell Mutual policyholders suffered windstorm losses of approximately $5,100,000.00 on July 15, 1980. Inadequate reinsurance and a preexisting weak financial position resulted in an inability to pay the claims. Martell Mutual policies were assessable. Two assessments were levied totaling $2,925.973.00. Collections now exceed 95%.

Assets were collected and a major lawsuit settled, which permitted a refund to policyholders of all unearned premiums and 81% of the second assessment on June 30, 1983.

All claims and expenses of the administration incurred to date have been paid in full.

In an effort to collect on delinquent policyholder assessments, in May 1988 the liquidator obtained a Court Order for delinquent policyholders to appear for Supplementary Proceedings. Notices to Appear were sent to 85 of the 125 policyholders who remain delinquent. No current address is available on the remaining 40 policyholders. Additionally, letters were sent to all agents who have not repaid unearned commissions. Many policyholders failed to appear as ordered. A total of $12,455.00 was collected from policyholders and agents in 1989. The amount remaining owing to the liquidator for unpaid assessments, penalties, and interest as of December 31, 1989, is $123,954.00. It must be remembered that, by statute, the inital assessments bore interest at 2% per week for the first 50 weeks, and therefore the actual unpaid assessments are much less than indicated.

Approximately $4,176.77 of outstanding checks from the unearned premium and assessments refunded on June 30, 1983, remain uncashed. These checks were either not cashed by the policyholder or were returned by the post office as nondeliverable. The liquidator will attempt to notify such policyholders and reissue checks as necessary in order to dispose of all funds payable to policyholders from the refunds issued in 1988. Any funds remaining after such attempt may escheat to the State, pursuant to Ch. 117, Wis. Stat.

Approximately $129,500.00 is held in interest-bearing accounts to be distributed to policyholders as a partial refund of assessments. The liquidator is presently confirming addresses of policyholders prior to making a final distribution of the assets currently held by the liquidator. It is anticipated that this distribution will be made in 1991.

RELIABLE LIFE AND CASUALTY COMPANY, IN LIQUIDATION

The Reliable Liquidation Account, a segregated account for Reliable Life and Casualty Company, containing substantially all of the assets and liabilities of Reliable Life and Casualty Company was created and ordered into liquidation by the Dane County Circuit Court effective October 7, 1981.

All claims have been adjudicated. The remaining cash balance of $433,000 as of December 31, 1990, will be distributed to the Wisconsin Insurance Security Fund after any remaining administrative expenses have been paid. The court will be petitioned to close the estate and discharge the liquidator in 1991.

WISCONSIN MORTGAGE ASSURANCE CORPORATION, IN LIQUIDATION
WMBIC INDEMNITY CORPORATION, IN LIQUIDATION
WMAC CREDIT INSURANCE CORPORATION, IN REHABILITATION

At the request of Wisconsin Mortgage Assurance Corporation ("WMAC"), the Office of the Commissioner of Insurance ("OCI") petitioned the Dane County Circuit Court (the "Court") for orders placing WMAC in liquidation, which was entered on February 28, 1985. The liquidator established August 28, 1985, as the deadline for filing claims. Most of WMAC's existing liabilities were assumed on a quota share basis by a group of reinsurers--which secured their obligations by trust funds--and Mortgage Guaranty Insurance Corporation ("MGIC") entered into an agreement with the liquidator to provide management services for WMAC.

At year-end 1990, WMAC had approximately $55.6 million in assets and $18.5 million in capital and surplus (not including intercompany accounts). The insurance in force that was assumed by the quota share reinsurers totaled approximately $25.5 billion in primary insurance and $7.8 billion in pool insurance at December 31, 1990. In 1990, WMAC wrote approximately $73.2 million in gross renewal premiums and paid losses of approximately $248.9 million on the reinsured mortgage business. The Reserve Trust Fund, which secures the obligations of the quota share reinsurers, held approximately $182.3 million in assets at year-end 1990.

The liquidator anticipates that the reinsured business will be run off in the liquidation for the foreseeable future. In a series of agreements consummated in February 1990 with Court approval, the quota share reinsurers reaffirmed their obligations on the WMAC business in force on the date of the liquidation. In that transaction, MGIC's Excess Loss Agreement was also amended to limit liability thereunder to $25 million and to provide for early termination contingent upon the performance of WMAC's insurance in force (the conditions for termination were not met as of December 31, 1990). However, in a transaction described in the report on the liquidation of the WMBIC Indemnity Segregated Account, WMAC's affiliate, Madison Assurance Group, Inc., issued an Excess Loss policy providing protection similar to the MGIC Excess Loss Agreement up to $20 million in 1990 (these limits are reduced each January 1 if no losses are paid; the limits are $12.5 million for 1991).

With respect to pre-liquidation reinsurance, the liquidator has been unable to collect from TMIC Insurance Company ("TMIC"), which was placed into liquidation in California in 1988, and three other reinsurers (the "Treaty 115 Reinsurers") disclaimed liability for certain mortgage insurance assumed from WMAC in 1983 and 1984. On May 10, 1990, an arbitration panel found that the Treaty 115 Reinsurers were not entitled to rescind, and the liquidator has collected amounts due from them (with interest). As of September 30, 1990, WMAC's manager reported advancing a net $5.6 million to pay claims reinsured with TMIC and the liquidator has reimbursed the manager for that amount. The manager has projected that WMAC's remaining net liability for such claims is approximately $2.1 million. Although the liquidator has filed a claim in the TMIC liquidation, the TMIC liquidator has asserted that there will be no recovery by WMAC.

The only significant nonpolicy claims against the WMAC liquidation estate were filed by which WMAC's manager, which seeks indemnification for costs of certain litigation in which the manager is sued for acts in that capacity. At this time, the liquidator is unable to estimate WMAC's potential liability, if any, for those claims.

No guaranty fund has paid any losses on behalf of WMAC, and the liquidator anticipates that no such payments will be necessary. Reports are filed monthly with the Court.

WMAC Credit Insurance Corporation, In Rehabilitation

At the request of WMAC Credit Insurance Corporation ("Credit"), WMAC's subsidiary, OCI petitioned the Court for an order placing Credit in rehabilitation, which was entered on February 28, 1985. Credit was managed by MGIC in the rehabilitation proceeding until December 21, 1990, when management was assumed by PHLCorp, Inc., Credit's indirect parent holding company.

At year-end 1990, Credit had approximately $6.7 million in assets and $5.2 million in capital and surplus. Credit wrote approximately $229,000 in direct renewal premiums and paid losses of approximately $116,000 in 1990. The Rehabilitator is considering PHLCorp's request to terminate the rehabilitation and allow the remainder of Credit's business to run off outside of delinquency proceedings.

WMBIC Indemnity Segregated Account, In Liquidation

WMBIC Indemnity Corporation requested that OCI petition the Court for an order of liquidation, which was entered June 28, 1985. The Liquidator established December 28, 1985, as the deadline for filing claims. Most of WMBIC Indemnity's liabilities were reinsured prior to the liquidation. PHLCorp assumed management responsibilities from MGIC on June 21, 1990.

With Court approval, the liquidator reorganized WMBIC Indemnity in 1990 by (1) transferring to it ownership of WMAC; (2) creating a statutory segregated account; and (3) rehabilitating the general account.

First, on March 26, 1990, the Court terminated the liquidations of Ten B-U Indemnity Corporation and Thirty-Eight B-U Insurance Corporation, which indirectly controlled WMBIC Indemnity, and, at the same time, approved transfer of almost all of WMAC's stock to WMBIC. The termination of these liquidations left PHLCorp with ownership of all of WMBIC Indemnity's issued and outstanding stock.

Second, the Court approved creation of a segregated account on October 19, 1990, known as the WMBIC Indemnity Segregated Account ("WMBIC") and consisting of most of WMBIC Indemnity's remaining liabilities and approximately $14.7 million in assets, and placed the general account in rehabilitation.

Finally, on November 12, 1990, the Court approved a plan of rehabilitation for the general account that changed the name of the corporation to Madison Assurance Group, Inc. ("MAG") and included a business plan and protections for policyholders of WMAC and WMBIC (including the Excess Loss Agreement described in the report on the WMAC liquidation; an indemnification from MAG and its parent to protect WMAC policyholders from losses under TMIC reinsurance; a declining $5 million special deposit to protect WMAC policyholders and WMBIC claimants from any shortfall; and indemnification from MAG to protect WMBIC from depletion of its assets for any reason).

WMBIC had approximately $14.4 million in assets and $10 million in capital and surplus at December 31, 1990. In 1990, WMBIC incurred net losses and net loss adjustment expenses in the amount of approximately $3.7 million.

The bulk of WMBIC's remaining insurance liabilities involve directors and officers ("D&O") liability insurance claims. In 1990, the liquidator resolved 64 D&O claims and 8 claims were filed, leaving 62 such claims open in the liquidation at December 31, 1990.

Twelve noninsurance claims and a small number of claims in lines other than D&O were open in the WMBIC liquidation on December 31, 1990. The liquidator expects that these claims will not have a significant effect on the liquidation.

No guaranty fund has paid any losses on behalf of WMBIC, and the liquidator anticipates that no such payments will be necessary. Reports are filed monthly with the Court.

REPORT ON INSURANCE COVERAGE FOR IMMUNIZATION

Required by s. 10.(1) October 1989 Special Session Senate Bill 13

Wisconsin Office of the Commissioner of Insurance

Section 10 (1) of October 1989 Special Session Senate Bill 13 required the Office of the Commissioner of Insurance to prepare a report on the current availability of health insurance coverage for immunizations and the impact on the public health system and insurers of requiring that health insurers provide coverage for immunizations required under section 140.05(16). (Attachment 1)

Section 140.05(16) lists the following immunizations:

> Mumps, Measles, Rubella (German Measles), diphtheria, pertussis (whooping cough), poliomyelitis and tetanus.

AVAILABILITY OF COVERAGE

To determine the current availability of insurance coverage for immunizations, the Insurance Commissioner's Office sent a survey to the top 20 group and the top 20 individual health insurers in Wisconsin. The survey included questions on how often immunizations are covered, the premiums charged, the claims paid, whether immunizations were subject to deductibles and whether immunizations were a separate benefit or part of well-baby care. The group writers surveyed represent 75% of the total group market. The individual insurers represent 76% of the total individual market. For purposes of this report, it is assumed that these companies are representative of the total market. (Attachments 2 and 3).

Responses were as follows:

Group Writers

All 20 companies responded. These companies represent 75% of the total group market. Seventeen (85%) of the companies reported that the listed immunizations were always or almost always covered. Three companies (15%) reported that the immunizations were covered between 5% and 25% of the time. The 17 companies which reported that immunizations were covered all or almost all of the time represented 60% of the group market in 1989.

Neither the information on the charge for immunizations nor the number or amount of claims paid could be analyzed since the information reported by the different insurers was not comparable.

Eleven companies (55%) reported that coverage for immunizations was generally subject to the same deductibles and coinsurance requirements as other benefits in the policy. Nine companies (45%) said this coverage was not subject to the same deductibles and copayments as other benefits.

Seven companies (35%) reported that immunizations are part of well baby care and six companies (30%) reported that they are a separate benefit. Seven companies (35%) reported that immunizations are available either as part of well-baby care or as a separate benefit.

The estimates of what the impact on premiums would be if immunization coverage was added to policies that do not have it now ranged from 0 to 2%. Since immunizations are routinely covered by 85% of the companies, only a few insurers answered this question. According to the Health Association of America (HIAA), the average cost of a family plan in 1988 ranged from $209 to $232 per month depending on whether the plan was a conventional insurance plan, a Health Maintenance Organization or a Preferred Provider Organization.[1] An average 1% increase in premium would add costs of $2.09 to $2.32 per month.

Individual Insurers

Nineteen companies answered the survey. Of these 19 one writes accident only policies and the another doesn't write any policies which cover children. Fifteen (88%) of the 17 companies which write policies covering children reported that their policies never cover immunizations. Two (12%) reported that immunizations are always covered. These two companies reported that the coverage is subject to deductibles and copayments and that immunizations are a separate benefit, not part of well-baby care.

Estimates of the cost of adding immunizations to other benefits ranged from .5% to 4.5%. Individual plans are likely to be more expensive than comparable group plans.

IMPACT OF INSURANCE REQUIREMENT

Group Insurance

According to the HIAA, 75% of the noninstitutionalized population in the United States are covered by private health insurance. Sixty-one percent is covered by group insurance and 14% by individual insurance. The 61% covered by group insurance includes those covered by commercial insurance, Blue Cross and Blue Shield plans, health maintenance organizations, and self-funded employer plans.[2]

According to the survey of Wisconsin insurance companies, 85% of group insurance policies routinely cover immunizations. However, this survey does not include self-funded employer plans since these plans are subject to the Federal Employee Retirement Income Security Act (ERISA) and exempt from state insurance regulations. National data indicate that approximately 34% of employes are covered by self-funded plans.[3]

Assuming that Wisconsin is similar to the nation, two-thirds of those insured or 41% of the total population has an insured group plan. Applying the survey results to these numbers means that approximately 35% (85% x 41%) of the state's population has coverage for immunizations through insured group plans. At least another 6% of the population probably has coverage through an employer self-funded plan.[4]

Individual Insurance

The insurers who indicated that immunizations are always covered in their individual policies represent 20% of the individual business in Wisconsin. Again, assuming that Wisconsin is representative and that 14% of the population is covered by individual private insurance, this means that 20% of the 14% who have individual insurance or 3% of Wisconsin residents, have immunization coverage through individual insurance.

Adding this 3% to the 33% who have coverage through insured group plans means that approximately 36% of the Wisconsin population has coverage for immunizations through either group or individual insurance.

Summary

Table 1 summarizes these findings.

TABLE 1

COVERAGE FOR IMMUNIZATIONS

A. Employer Group Plans		
1. Insured		41%
Include Immunizations	**35%**	
Exclude Immunizations	6	
2. Self-funded		19
Include Immunizations	**6%**	
Exclude Immunizations	13	
B. Individual Plans		14
Include Immunizations	**3%**	
Exclude Immunizations	11	
C. Uninsured or Covered by Public Programs		25
D. Total Population		100%

If all insured group and individual insurance plans which do not now provide coverage for routine immunizations were required to do so, coverage in Wisconsin could be increased from 38% to 57% of the population. Including self-funded plans would mean that overall 44% to 63% of the population would have this coverage through insurance. An insurance requirement would not affect those covered by self-funded plans or those which are uninsured or have coverage through the public sector.

Group insurance premiums were $2.4 billion in 1989. Adding an average of 1% to the premiums of the 15% of the group policies which do not currently offer this benefit would add $3.6 million annually to current costs. Individual premiums were $391 million in 1989. Adding an average of 2.5% to the 80% of individual policies which do not currently include this benefit would add $7.8 million to costs.

IMPACT ON PUBLIC HEALTH SYSTEM

Childhood immunizations are available through the county public health system to anyone who requests them. They are funded through a combination of state and federal money. In most counties the immunizations are provided at no cost. Some counties impose a small administration fee. The cost of the vaccines for the full series of immunizations recommended for children from birth to kindergarten is $92.53. The estimated costs of these vaccines on the open market is approximately $180.00. The total cost of adding this benefit to existing policies is approximately $11 million.

According to the Department of Health and Social Services, approximately 75% of immunizations in Wisconsin are administered by private physicians, with the remaining 25% given by public health agencies. There are no data which show how many of those who receive immunizations through the public sector have insurance coverage. There are also no data to show how many of those using the public system are insured for well-baby care. However, it is probably safe to assume that those who do not have insurance for well baby care are more likely to use the public health system for their children's immunizations than those who have insurance. The cost for immunizations received from a private physician could be substantial since it would include not only the cost of the vaccines but the cost for the minimum of six office visits which would be necessary for the full series of recommended childhood immunizations. Assuming an average office visit cost of $25.00, the cost of all immunizations plus the cost of the office visit would be approximately $320.00. It is likely that any increase in private insurance coverage for these immunizations would lower costs for the public health system. However, there are no sufficient data to measure this effect.

CONCLUSIONS

1. Approximately 85% of group insurance plans include coverage for childhood immunizations.

2. Approximately 20% of individual insurance plans include coverage for childhood immunizations.

3. Requiring insurance coverage for immunizations could increase the cost of group insurance from $720,000 to $3.6 million and for individual insurance from $1.9 million to $17.5 million.

4. An insurance requirement would have no impact on self-funded plans.

5. Increases in private insurance coverage could result in decreases in cost for the public health system. However, there are no data to show the extent to which those with private insurance are currently using the public system for childhood immunizations.

[4] Ibid., p. 62. According to the U.S. Department of Labor study of employe benefits in medium and large firms, 31% of full-time employes have coverage for well-baby care. Ninety-eight percent of those in HMOs have this coverage and 15% of those in non-HMO plans. The higher incidence in Wisconsin reported in the survey may be explained in part by the higher concentration of HMOs in Wisconsin as compared to many other states. The 31% figure has been used in this study for self-funded plans in the absence of more state specific information.

BUREAU OF FINANCIAL ANALYSIS AND EXAMINATIONS

The principal function of the Bureau of Financial Analysis and Examinations is to monitor the financial condition of all insurers licensed to market insurance in Wisconsin and determine whether an insurer's financial solidity is acceptable for continued operation in Wisconsin. Monitoring includes the examination of the accounts and records of companies and the analysis of financial statements of all licensed insurers. Monitoring activities further include the review of CPA audit reports and updates to the company profile data base.

The Bureau also maintains and reviews holding company filings required by s. Ins 12.01, Wis. Adm. Code; reviews financial reports for surplus lines insurers; administers insurer rehabilitations and liquidations; reviews insurer applications for admission to Wisconsin, merger acquisition plans, and holding company transactions; audits and collects insurer taxes and fees; and collects and administers the fire department dues program.

Among the major accomplishments in 1990 were:

- Assisted the Data Processing Section in the development, implementation, and testing of a computerized on-line financial information system, utilizing the Office minicomputer.
- Wrote and developed programs and procedures for downloading financial data pertaining to Wisconsin licensed insurers, from the data base of the National Association of Insurance Commissioners (NAIC).
- Through work with a joint industry and NAIC task force on Continuing Care Retirement Communities (CCRC), developed recommendations for appropriate accounting and actuarial principals, and financial standards.
- Continued implementation and development of automated audit procedures through use of special audit software in the examination of insurance companies and conducted on-the-job training of examiners in the use of audit software and automated audit procedures.
- Participated in drafting and implementation of administrative code regulations relating to Continuing Care Retirement Communities (CCRC).
- Participated as a member of a joint industry and regulatory working group charged with development of an annual statement blank and accompanying instructions for Limited Service Health Organizations (LSHO).
- Participated in the 1990 Examiner Team Project of the NAIC Examination Oversight (EX4) Task Force. This team comprises examiners from various states and is charged with the analysis of insurer financial statements to determine the factors contributing to unusual Insurance Regulatory Information System (IRIS) results, and the reporting of their findings to the domiciliary states for targeted companies.
- Developed various analytical reports, utilizing annual statement data downloaded from NAIC data base.

- Participated in the drafting and implementation of revisions to the administrative code sections governing the financial requirements and operations of health maintenance organization insurers, and requiring contracting Independent Practice Associations (IPAs) to file annual audited financial statements with the Commissioner.

- Participated in the drafting and implementation of administrative code sections governing self-insured plans for health care providers required to participate in the Patients Compensation Fund.

- Participated in the drafting and implementation of revisions to the administrative code sections to update requirements for internal controls and accounting requirements for town mutual insurers.

- Developed procedures and instructions to permit town mutual insurers to file on the NAIC Property and Casualty Annual Statement Blank.

III - DIVISION OF REGULATION AND ENFORCEMENT

DIVISION OF REGULATION AND ENFORCEMENT

The Administrator of the Division on Regulation and Enforcement, along with the Consumer Attorney, is responsible for directing most enforcement actions against agents and companies, and for pursuing these cases through the appeals and settlement process. The Administrator is also responsible for general program and policy development in the Division and for preparing and distributing public information materials.

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; conducting field reviews of insurer marketing practices; investigating agent and insurer activities; preparing enforcement proceedings; and recommending administrative actions to correct violations discovered.

Office of Research and Public Information. This unit is charged with developing, printing, and distributing information for insurance consumers. This section also conducts research and policy studies on insurance issues and legislation.

BUREAU OF MARKET REGULATION

The Bureau of Market Regulation is responsible for the administration and enforcement of the Wisconsin Statutes relating to insurance policy forms, policyholder service, marketing and advertising practices, underwriting rules, and claims practices. Responsibilities also include reviewing complaints, investigating violations of the Wisconsin insurance statutes, and conducting market conduct examinations of insurance companies and agents. Market conduct examinations focus on the business practices of the examinees and are designed to detect problems in marketing and advertising, policyholder service, underwriting, and claims handling. The Bureau is also involved in the development of administrative rules and statutory language.

Among the major accomplishments in 1990 were:

- implementation of an on-line computerized complaint processing system;
- reduction of the Credit/Life & Credit/Accident & Health Prima Facie rates pursuant to Wisconsin Administrative Code;
- repeal and recreation of regulations concerning long-term care, nursing home, and home health care coverages;
- participation in the development of a benefits package for small business group health insurance coverage;
- revision of minimum standards for Medicare supplement insurance policies both to reflect the repeal of the Medicare Catastrophic Coverage Act and to address marketing abuses;
- implementation of procedures to review Medicare supplement advertisements filed by companies and agents;

- implementation of new insurance laws affecting policy forms including cancellation/nonrenewal, adopted children, AIDS and AIDS drug coverage, mammograms, and mandated nursing home benefits;

- revision to the Information Sheet on Cancer Insurance;

- training session for association of Wisconsin HMOs and State Medical Society members on forms, filings, complaints and the role of the Insurance Commissioner;

- major investigations of Medicare supplement agents;

- implementation of investigations regarding insurance associated with preneed funeral plans, in conjunction with the Department of Regulation & Licensing;

- implementation of s. Ins 6.62, Wis. Adm. Code, including the review of uninsured group health insurance plans and providing assistance to the Legal Unit in investigating unauthorized insurers doing business as METs or MEWAs;

- participation in revision of the HIV testing rule; and

- participation in the monitoring of residual market mechanisms including the Wisconsin Worker's Compensation Insurance Pool, the Wisconsin Automobile Insurance Plan, and the Wisconsin Insurance Plan. The staff also participated on the Wisconsin Arson Insurance Council, the Commissioner's advisory councils, the Local Government Property Insurance Fund, and chaired the Health Insurance Risk Sharing Plan Grievance Committee.

Policy Form Submission

The following tables summarize the policy form submission data for 1990. Table I shows the number of policy forms received by line of business for each type of insurance. Table II shows the number of policy forms received by type of filing for each type of insurance. Table III shows the number of policy forms approved during the year by line of business for each type of insurance.

Complaints

The following tables summarize the Bureau's complaint data. Table I shows a comparison of complaint activity over the last six years. A complaint is defined as a written expression of dissatisfaction with an insurance company or agent. Complaints may initially be received either in person, by telephone, or in writing. To be considered a formal complaint which initiates an inquiry or investigation, a complaint should be in writing. The data presented is based upon formal complaints.

In addition to the formal complaints, an increase of 3.3% over 1989, the Bureau also handled in excess of 40,000 general inquiries or requests for information in 1990. Most such inquiries were by telephone, with the remainder being written communications and "walk-ins." The increase in the number of complaints opened is attributed to a combination of public outreach and advertising activities by the Office, such as the toll-free complaints hotline, a broader distribution of complaint forms, and a better use of other state agencies to refer insurance problems to the Office as complaints.

Table II shows 1989 and 1990 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance. Table III shows the area of insurance operations which generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations.

COMMERCIAL LIABILITY INSURANCE REPORTS

Section 601.422, Wis. Stat.

The second reports on Commercial Liability Insurance required by s. 601.422, Wis. Stat., were received in 1990 and are summarized in the following tables. All of the information is for commercial liability insurance written in Wisconsin by authorized insurers. The data required by this statute were collected from the following three sources:

1. the insurers themselves,
2. statistical agents utilized by the insurers, and
3. the National Association of Insurance Commissioners data base.

Reporting threshholds were established by this Office in conjunction with the statistical agents to eliminate insurers writing marginal amounts of insurance.

Tables I(a) and I(b) include information required for policy years 1987 and 1988, respectively. Lines one and two were calculated by applying the ratios of investment gain and other expenses to net premium earned for other liability as reported in the Insurance Expense Exhibit to direct premiums earned. Since the Insurance Expense Exhibit information is on a calendar year basis, the ratios applied represent the average of the two calendar years included in the applicable policy year. The number of policies written, the number of claims closed without payment, and the number of legal actions filed were provided by the insurers. The remaining policy year information was provided by statistical agents.

The three data elements provided directly by the insurers were reported only for the two most recent policy years, making it impossible to detect any trends.

It should be noted that the liability for claims incurred but not reported (IBNR) is calculated differently depending on the market. The calculation is based on the application of standard loss development factors for the major categories of Owners, Landlords and Tenants, Manufacturers and Contractors, Premises and Operations, and Products and Completed Operations. With the exceptions of Excess and Umbrella, the calculations for the remaining categories are computed by applying the ratio of claims IBNR to direct premium earned for the appropriate major category to the direct premium earned for the category being calculated. Approximations for Excess and Umbrella are based on the general liability expected loss ratio. The long-tailed nature of Excess and Umbrella insurance as evidenced by the low ratio of paid claims plus reserves for reported claims to total incurred after even three and four years of development can create difficulty when attempting to establish an accurate liability for claims IBNR.

As noted previously, much of the data are from individual insurer reports and individual statistical agent reports and have been accepted by this Office without audit. For example, it is quite possible that LAE has been coded to losses in some instances.

Table II summarizes key ratios and averages for supplemental commercial liability data for the most recent five policy years submitted on a voluntary basis by certain statistical agents and the NAIC. Several cells in this table are incomplete for a variety of reasons including Premises and Operations not introduced until policy year 1986, and lack of activity for selected categories in certain policy years. Incomplete cells are indicated by an asterisk. These historical data represent about 85% of the commercial liability premium written in Wisconsin.

While these data indicate that the average loss ratios for policy years 1984 through 1988 were generally quite high, and while a trend toward recovery of loss ratios is present in 1986 and 1987, this trend has not continued through 1988 with the exceptions of Manufacturers and Contractors and Products and Completed Operations. As one would expect, average paid claims are generally smaller for more recent policy years. The older policy years are more mature and include a higher proportion of severe, hard to settle claims, while the more recent policy years include a higher proportion of quick settling claims. This observation is further supported by the fact that average case reserves are also smaller in the more recent policy years. These averages tend to drop as many claims are settled for little or no cost thus reducing the claim counts. The average incurred loss per claim count indicates a moderation in the severity of claims for Manufacturers and Contractors and Products and Completed Operations and an upward trend in severity of claims for Owners, Landlords, and Tenants and Premises and Operations. The variability in these averages for the specific classifications of insurance stem from the small sample of claims in these narrow classes.

Allocated loss adjustment expense (basically for outside lawyers and claims adjusters) averaged between 9.2% and 10.5% of earned premium for the major sublines. The five-year averages varied widely for the specific classifications, from a low of .3% for liquor liability to a high of 17.3% for municipal liability. IBNR losses depict a pattern of increase for most categories. The percentage change in premium earned between successive policy years generally shows marked increases peaking in 1985 and decreases in 1987. For the major categories, these increases could be interpreted as shifting from the old ISO programs (Owners, Landlords, and Tenants and Manufacturers and Contractors) to the new ISO programs (Premises and Operations and Products and Completed Operations). However, care must be taken in interpreting the results for the more specific categories. During this period, many risks in these categories may have gone without insurance or shifted into the surplus lines market. It should be noted that the increases in certain of these specific categories can be attributed to expansion of the data base for these coverages during the most recent policy years through use of special calls for data from selected companies. This introduced premium from these companies which was not included in previous policy years.

MEDICAL MALPRACTICE INSURANCE REPORTS

Section 601.427, Wis. Stat.

The fourth reports on Medical Malpractice Insurance required by s. 601.427, Wis. Stat., were received in 1990 and are summarized in the following table. All of the information is for medical malpractice insurance written in Wisconsin by authorized insurers. Insurers which wrote less than $300,000 annually in medical malpractice insurance premiums in Wisconsin were not required to report.

The first five lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next twelve lines are for the policy years shown by the column headings.

The information included in the final four lines under policy years 1986, 1987, and 1988 about legal actions, verdicts, or judgments required by s. 601.427 (2) (j) through (m), Wis. Stat., is being reported for the third time. This information was eliminated from the reporting requirements in the initial year as being burdensome as this information was not part of any prior financial or statistical reporting requirements for insurers.

It should be noted that the data below are from individual insurer reports and have been accepted by this Office without audit. This report combines the experience for all physician and surgeon classifications, other health care professionals, hospital, and other health care facilities and includes the experience of the Wisconsin Health Care Liability Insurance Plan. In addition, the data do not separate occurrence policy experience from claims-made policy experience which have different claims payment experience patterns. It does not include the experience of the Patients Compensation Fund.

Due to the fact that some data are on a calendar year basis and some are on a policy year basis, no conclusions should be drawn as to the excessiveness or inadequacy of the cost of providing medical malpractice insurance or as to its profitability to the insurers writing this line of business over the past years. A comparison with the summary table for the previous year will prove fruitless due to the fact that companies generally have done a better job of data reporting in the most recent year.

It is only possible to conclude from these data that the average premium written per policy remained quite stable for the policy years between 1979 and 1983 before rising steadily in subsequent policy years. The pure loss ratio, which consists of the sum of claims paid, reserves for open claims, and reserves for claims incurred but not reported divided by written premiums, after peaking in 1981 has been steadily declining in subsequent years. The apparent rate relief initiated in 1984 continues to fuel improvement in the pure loss ratio. There has been some evidence that rates have softened subsequent to 1988. It is suspected that the decline in the number of policies is partially due to an increase in self-insurance.

The individual classification reports by company from which the summary table was derived have been maintained in this Office.

PRODUCT LIABILITY INSURANCE REPORTS

Section 601.425, Wis. Stat.

The fourth reports on Product Liability Insurance required by s. 601.425, Wis. Stat., were received in 1990 and are summarized in the following table. All of the information is for product liability insurance written in Wisconsin by authorized insurers. Insurers which wrote less than $50,000 annually in product liability insurance premiums in Wisconsin were not required to report.

The first five lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next twelve lines are for the policy years shown by the column headings.

The information included in the final four lines under policy years 1986 through 1988 about legal actions, verdicts, or judgments required by s. 601.425 (2) (j) through (m), Wis. Stat., is being reported for the third time. This information was eliminated from the reporting requirements for the first year as being burdensome as this information was not part of any prior financial or statistical reporting requirements for insurers.

It should be noted that the data below are from individual insurer reports and have been accepted by this Office without audit. In addition, the data do not separate occurrence policy experience from claims-made policy experience which have different claims payment experience patterns.

Due to the fact that some data are on a calendar year basis and some are on a policy year basis, no conclusions should be drawn as to the excessiveness or inadequacy of the cost of providing product liability insurance or as to its profitability to the insurers writing this line of business over the past years. A comparison with the summary table for the previous year will prove fruitless due to the fact that companies generally have done a better job of data reporting in the most recent year and more companies are included in the most recent year.

It is only possible to conclude from these data that the average premium written per policy declined in all but one of the policy years between 1979 and 1984. The pure loss ratio, which consists of the sum of claims paid, reserves for open claims, and reserves for claims incurred but not reported divided by written premiums, more than doubled from 1979 to 1984. The apparent rate relief implemented in 1985 as indicated by the increase in the average premium written per policy seems to have brought the pure loss ratio in line with the 1979 experience. Further rate relief is indicated for 1986 and 1987 where further improvement in the pure loss ratio is witnessed by these data. The data for 1988 depict an increase in the average written premium as well as an increase in the pure loss ratio.

IV - DIVISION OF ADMINISTRATIVE SERVICES

BUREAU OF STAFF SERVICES

The Bureau of Staff Services is responsible for general administrative functions of the agency, including budget and finance, word processing, data processing, the licensing of insurance agents, personnel, payroll, internal record keeping, and mail service.

Agent Licensing Section

During 1990, 11,521 candidates registered for the major examinations: life, accident and health, property and casualty. Of that number, 9,388 tested and 6,555 candidates passed.

As of December 31, 1990, there were 58,461 licensed insurance agents and 340,900 appointments by insurance companies authorizing the licensed agents to market their products.

Projects within the section for 1991 include:

- Implementation of a new computer system. The new programs will allow greater flexibility in the kinds of information available and enhance the provision of services to licensees and consumers.
- Issuance of updated licenses, including expiration dates, to all agents upon renewal beginning in February 1992.
- Testing of automated appointment and termination input through the cooperation of interested insurance companies. This will provide quick turnaround on newly-appointed and terminated agents.
- Modification of the procedures used for yearly listing billings to insurance companies. Plans will reduce the need for reconciliation and paperwork.

Data Processing Section

In the past year the data processing staff completed the programming for an updated consumer complaints system. The features of the system include:

- On-line access to data and updates
- Phone inquiry tracking of how many and what kind of calls are taken by staff
- Complaint and legal file tracking

The programming was completed for the premium tax allocation system. It was used for the first time to record the allocation of fees, premium taxes, and fire dues.

Planning was begun for a new agent licensing system and a new system for the Patients Compensation Fund.

BUREAU OF FUNDS

LOCAL GOVERNMENT PROPERTY INSURANCE FUND

The purpose of the Fund is to make reasonably priced property insurance available for tax-supported local government property such as government buildings, schools, libraries, and motor vehicles. Coverage is available on an optional basis. As of July 1, 1990, the Fund insured: 66 counties, 234 schools, 125 cities, 54 towns, 130 villages, and 57 miscellaneous entities (libraries, etc.). The total amount of insurance in force as of June 30, 1990, was $14,055,438,656.

Ninety-five percent of the Fund's insureds are using the valuation project service which began in 1988 and is now in its third cycle. This unique method of valuing buildings, contents, property in the open, and contractor's equipment was developed to promote equity of premiums and the proper reporting of values. Participants not only have broader coverages, but enjoy the benefits of automatic computer-generated statements of values.

STATE LIFE INSURANCE FUND

The State Life Insurance Fund is a segregated fund located within the Office of the Commissioner of Insurance. The Fund offers a maximum of $10,000 of life insurance to state residents. Operating as a mutual insurance company, the Fund is supervised by the commissioner.

Commencing April 1, 1986, the Fund developed a new plan series using the 1980 CSO mortality table. The Fund discontinued issuing the endowment plan and initiated a single premium life product which is very popular.

The Fund, which is self-funded through premiums and investment earnings, was audited by the Legislative Audit Bureau for the period January 1, 1988, through December 31, 1989, as required by s. 13.94, Wis. Stat.

Wisconsin is the only state in the nation that offers a low-cost life insurance program to residents. All policies issued are participating. Due to the high surplus position, the Fund increased the dividends effective April 1, 1990. Since residents pursue the insurance, the lapse rate on Fund policies is a low 1.099%. As of December 31, 1990, there were 29,958 policies in force.

PATIENTS COMPENSATION FUND

The Patients Compensation Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-person Board of Governors which consists of 3 insurance industry representatives; a person named by the Wisconsin Academy of Trial Lawyers; a person named by the State Bar Association; 2 persons named by the Wisconsin State Medical Society; a person named by the Wisconsin Hospital Association; the Commissioner of Insurance; and 4 public members appointed by the Governor. The Fund's administrative staff is provided by the Office of the Commissioner of Insurance.

The Fund operates on a fiscal year from July 1 through June 30. Administrative and operating costs as well as claims payments are funded through assessments paid by participating health care providers. On December 31, 1990, there were 130 hospitals with 33 affiliated nursing homes, 7,665 physicians, 321 nurse anesthetists, 26 hospital-owned or controlled entities, 7 ambulatory surgery centers, 3 cooperatives, 38 partnerships, 1,282 corporations, and others participating in the Fund.

From July 1, 1975, through December 31, 1990, 2,497 claims had been filed in which the Fund was named. During the same period the Fund has paid 313 claims totaling $141,958,898. Another 1,609 claims have been closed with no payment. Of the remaining claims as of December 31, 1990, 77 cases were reserved at $56,011,135.

The accompanying financial statements for the Fund for the fiscal year ending June 30, 1990, follow. These statements reflect that the Fund's deficit declined approximately $34,714,818 from the Fund's deficit as of June 30, 1989. The reduction in the projected deficit results primarily from changing the discount factor that the Fund uses to calculate loss reserves, along with a continued slight tempering of historical long-term frequency trends. Legislation enacted in April 1990 enables the Fund to invest in long-term financial instruments, resulting in higher yields on investments. Therefore, to project investment earnings over the life of the Fund, the discount rate was changed from 6% to 8%. The Fund's deficit represents a long-term shortage in the cash and investment balance that eventually will be needed to make the Fund's future payments. The Fund deficit does not mean the Fund is unable to pay obligations currently due. There was a cash balance of $171,033,273 on December 31, 1990. The deficit is a projection of the unfunded outstanding liabilities if the Fund ceased to collect further assessments.

HEALTH INSURANCE RISK SHARING PLAN

The Health Insurance Risk Sharing Plan (HIRSP), Chapter 313, Laws of 1979, became effective on January 1, 1981. The Plan provides major medical and Medicare supplement coverage for Wisconsin residents under age 65 who, for medical reasons, are unable to obtain health insurance coverage in the private market.

Rates for the Plan are required by statute not to exceed 150% of the standard individual rate for substantially similar coverage in the private market. During 1986, the Board determined that rates were in excess of that amount and voted to decrease rates for the major medical plan by 10%. This rate decrease took effect January 1, 1987. Early in 1989, the board proposed a 10% rate increase. This rate increase was delayed and did not go into effect until June 1, 1990.

Expenses of the Plan in excess of premiums are assessed against health insurers in proportion to the insurer's total premium or other charges on business written in this state on behalf of Wisconsin residents. In 1990, insurers were assessed $11,000,000.

The Plan continues to experience dramatic growth in enrollment. On December 31, 1989, Plan population was 6,077. On the same date in 1990, there were 9,287 Plan participants. Total enrollment increased during 1990 by 3,210.

The subsidy program, through which low-income policyholders are relieved of a portion of their premium and deductible, is also growing rapidly. At the end of 1989, there were 1,485 policyholders for whom the State paid a portion of their premium and deductible. In December, 1990, there were 2,054.

The Board surveyed all policyholders during 1990. Results will be available in early 1991.

NOTES ON TABLE F AND TABLE G

Financial data are all based on the annual statements filed with the Office of the Commissioner of Insurance. Admitted Assets, Capital & Surplus, and Net Income show the company's financial position as of December 31, 1990.

Operating results for calendar year 1990, for the company as a whole, net of reinsurance, are shown for Fire and Casualty insurers in Net Premiums Earned, Net Losses Incurred, and Net Income, and for Life and A&H insurers in Premiums and Annuity Considerations, Incurred Benefits, and Net Gain from Operations.

The "Wisconsin Operations" columns–Direct Premiums Earned and Direct Losses Incurred for Fire and Casualty Insurers, and Premiums Written and Benefits Paid for Life and A&H Insurers, are reported by each insurer for Wisconsin business only for 1990.

For the fire and casualty companies, the Nationwide Loss Ratio is calculated as net losses incurred plus net loss adjusting expenses incurred, divided by net premiums earned. The Expense Ratio is calculated as the remaining underwriting expenses incurred divided by the net premiums written. The loss ratio is determined using premiums earned, because losses generally occur randomly throughout the policy term, which matches the period during which premiums are earned. The expense ratio is determined using premiums written, because most underwriting expenses (commissions, home office underwriting, and clerical costs) are incurred at the time the policy is written, not evenly throughout the policy term.

The Wisconsin Direct Loss Ratio is similar to the Nationwide Loss Ratio, but based only on the insurer's direct Wisconsin premiums and losses. For insurers with small Wisconsin premiums earned, the loss ratio may not be a meaningful representation of their overall operations. Negative losses incurred and loss ratios indicate that the insurer received salvage or other recoveries from claims paid in prior years, which were in excess of any claims incurred in 1990.

"Direct" business refers to business for which the insurer issued an insurance policy and accepted the premium. (It does not include reinsurance assumed or ceded.) "Net" business is direct business written, plus reinsurance assumed, less reinsurance ceded. For some groups of insurers, one member of the group may write substantial business in Wisconsin, which is then reinsured or pooled with other members of the group; this may result in a company having higher direct Wisconsin business than it has net business nationwide. Almost all direct writing insurers purchase some reinsurance, so usually net nationwide business is smaller than direct nationwide business. Some companies specialize in reinsuring other insurers, so they may show no direct business but substantial net business nationwide. Other companies may be licensed in Wisconsin, but not write any business here.

Note: All of the columns in Tables F and G except those relating to loss ratio and expense ratio have been rounded to the nearest thousand.

A "9999" in the loss ratio and expense ratio columns means that calculation of the ratio would be meaningless.

VI - DIRECTORY OF LICENSED INSURERS

DIRECTORY OF LICENSED INSURERS

This directory includes all companies, fraternal benefit societies, associations, and town mutuals licensed or otherwise authorized to transact the business of insurance in this state as of December 31, 1990.

Codes used to designate the kind of company are as follows:

BP – Blue Plan—A "blue plan" is a domestic nonprofit nonstock insurance corporation, incorporated under ch. 613, Wis. Stat. Blue plans offer health insurance to individual or group subscribers on an indemnity basis, or offer services through an embedded health maintenance organization using contracted service providers. Blue plans file the NAIC Hospital, Medical and Dental Service or Indemnity Corporations annual statement blank.

CC – Continuing Care Organization—A "continuing care organization" is organized under ch. 647, Wis. Stat. Continuing care organizations provide nursing, medical, or personal care services, and maintenance services, for a period over one year or the duration of a person's life, conditioned upon payment of an entrance fee or a portion of the person's estate. Continuing care organizations file a financial statement, on a GAAP basis, which is audited by an independent CPA.

DP – Dental Plan–A "dental plan" is similar to a blue plan, except that indemnity or services are limited to dental services.

FC – Fire and Casualty Company—A "fire and casualty company" may be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual or stock company. Fire and casualty companies write a wide range of property and liability coverages, and individual and group health insurance. Fire and casualty companies file the NAIC Fire and Casualty annual statement blank.

FR – Fraternal Benefit Society–A "fraternal benefit society" or "mutual benefit society" may be a domestic benefit society organized and operating under ch. 614, Wis. Stat., or a nondomestic benefit society operating under ch. 618, Wis. Stat. A fraternal benefit society is a nonstock corporation which exists for social, educational, charitable, or religious purposes, and also may sell individual life or health insurance to its members. A fraternal is governed through a lodge system and a representative form of government, and members voluntarily perform charitable, educational, etc. services for other members or the public. Fraternal benefit societies file the NAIC Fraternal Orders annual statement blank.

GA – Gift Annuity Corporation–A "gift annuity corporation" is established by a domestic or foreign nonprofit corporation under ch. 615, Wis. Stat. Gift annuities receive gifts of money or property, in return for agreeing to pay an annuity to the donor. Remaining income may be transferred to the nonprofit corporation for its charitable, religious, etc. purposes. Gift annuities file the NAIC Charitable Annuity Corporations annual statement blank.

HM – Health Maintenance Organization—A "health maintenance organization" (HMO) is established under chs. 185, 611, 613, or 618, Wis. Stat., and operates under ch. 609, Wis. Stat. HMOs may be for profit, nonprofit, or a cooperative. An HMO makes available comprehensive health care services (performed by providers contracted by the HMO) to enrolled participants for predetermined fixed payments. An HMO may hire medical service providers as employes, or may contract with existing hospitals and clinics to provide services to participants. HMOs file the NAIC Health Maintenance Organization annual statement blank.

LC – Life and Accident & Health Company—A "life and accident & health company" may be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual company or a stock company. Life and accident & health companies write a wide range of life, annuity, individual, and group health insurance. Life and accident & health companies file the NAIC Life and Accident & Health annual statement blank.

LH – Limited Services Health Organization—A "limited services health organization" (LSHO) is similar to an HMO, except that it provides a limited range of health care services (such as vision or dental) to participants. LSHOs file the NAIC Health Maintenance Organization annual statement blank.

MC – Motor Club Plan–A "motor club plan" is established under ch. 616, Wis. Stat. A motor club plan may provide emergency road service, towing, bail bonds, map and touring service, etc. to members. Motor club plans file a financial statement which has been audited by an independent CPA.

MX – Miscellaneous Other Insurers–These include a "school benefit plan" under ch. 616, Wis. Stat., which is directed by school authorities and which provides benefits for accidental injury or accidental death of pupils attending school. A school benefit plan files the NAIC Fire and Casualty annual statement blank.

RE – Reciprocal Exchange—A "reciprocal exchange" is a nondomestic insurer licensed under ch. 618, Wis. Stat. Reciprocals are unincorporated associations, operating through an attorney-in-fact, by which subscribers with similar interests (e.g., lumberyards, dry cleaners) provide fire and casualty insurance to each other through the exchange of insurance contracts. Reciprocals file the NAIC Fire and Casualty annual statement blank.

TC – Title Company–A "title company" may be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer operating under ch. 618, Wis. Stat. Title companies notify a prospective purchaser of recorded liens or easements on a parcel of real estate, and provide insurance against loss due to other defects in title to property (e.g., due to forgery, fraud, errors in public records, wills not probated, etc.). Title companies file the NAIC Title Insurance annual statement blank.

TM – Town Mutual of Wisconsin–A "town mutual of Wisconsin" is a domestic fire and casualty insurer subject to ch. 612, Wis. Stat., as an assessable mutual. Town mutuals are authorized to write a limited range of property and liability coverage, in a limited number of counties in Wisconsin. Town mutuals may file either the NAIC Fire and Casualty annual statement blank or the Wisconsin Town Mutual annual statement blank.

VP – Vision Plan–A "vision plan" is similar to a blue plan, except that indemnity or services provided are limited to eye care services.

WP – Warranty Plan—A "warranty plan" is established under ch. Ins 15, Wis. Adm. Code. A warranty plan is a third party which provides repair, replacement, or maintenance services in connection with the sale of goods from seller to buyer (e.g., automobiles, homes, appliances, etc.). (Warranties by the seller, manufacturer, or provider of service directly to the buyer are exempted from regulation by this office.) Warranty plans file unaudited financial statements with this office.
